

Code of Conduct

Team IT1G

Division of team roles:

- Team leader: Corodeanu David
- Quality controller: Nemess Oliver
- Secretary: Nguyen Ai

As a member of this team, I agree to uphold the following rules:

1. **Punctuality:** Attend meetings and Ateliers on time and respect the deadlines. Notify the team if you'll be late or unable to attend as soon as possible. It would be preferable at least 12 hours before the meeting but if something urgent or last-minute comes up, for example a train or bus delay, it is understandable to notify the team ahead of time, but no later than 30 minutes before the meeting or Atelier!
2. **Be Present:** in any form of meeting (team meeting, process meeting, client meeting), both mentally and physically. Participate actively and ask questions.
3. **Deadlines:** Given work should meet the standards and quality that we have discussed prior to the deadlines, and meet the time specified.
4. **Communication Expectations:** Team members should check and respond to messages within 24 hours unless otherwise stated.
5. **Respect and Support:** Treat all team members with respect. Listen actively and consider everyone's opinions. Let them finish what they have to say and do not interrupt them while speaking.
6. **Professionalism:** Maintain a positive, focused attitude. Avoid disruptive behavior and keep personal issues separate from teamwork.
7. **Constructive Feedback:** We must give realistic feedback about each other's progress on the project, without any hatred. Understand that negative feedback is necessary. Please do not get upset if you receive negative feedback.

8. **Conflict Resolution:** In case of disagreements, address issues respectfully. If unresolved, seek mediation from a neutral party.
9. **Confidentiality s Data Protection:** All project-related information must remain confidential and should not be shared outside the team without consent.
10. **Equal Contribution:** Share tasks and responsibilities fairly, with everyone contributing to our goals.
11. **Help each other:** Do not hesitate to ask for help. Also seek opportunities to help others. If you see yourself struggling with something for a long period of time, make sure to ask for help. Helping others is also helping yourself!
12. **Meeting s Decision-Making Process:** Decisions should be made collectively. If a consensus cannot be reached, a majority vote will be used.
13. **Commitment to Learning:** Encourage continuous learning and skill development. Share knowledge and resources with the team to help everyone grow and improve.
14. **Quality:** Make sure that all the work done is up to the quality standards. Ask for feedback before submitting any final work. Always strive for the highest standards!
15. **Enjoy the process:** While the focus is on being productive and professional, enjoy the time spent on the project. Enjoy working with the team and have fun. Positive morales lead to better outcomes and increased productivity.

Strike System

- Any violation of the above rules will result in a formal strike.
- **Three Strikes:** Accumulating three strikes will result in dismissal from the team.

By signing below, I confirm my understanding and agreement to these terms.

Nemess Oliver:

A stylized, cursive handwritten signature in black ink, starting with a large 'N' and ending with a long, sweeping horizontal stroke.

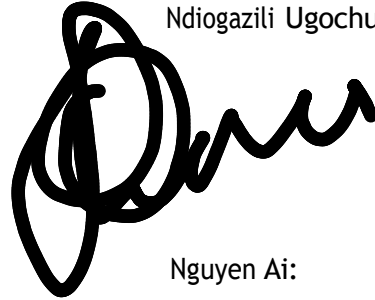

Corodeanu David:

A handwritten signature in black ink, featuring a series of loops and a long, horizontal trailing stroke.

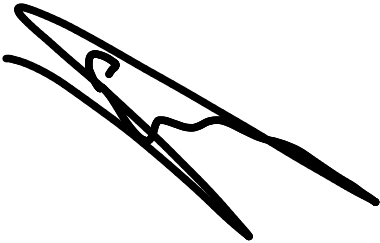

Shubenok Kirill:

A handwritten signature in black ink, consisting of a series of loops and a long, horizontal trailing stroke.

Ndiogazili Ugochukwu:

A large, bold, and highly stylized handwritten signature in black ink, featuring a large, circular loop at the beginning.

Brazionis Elvinas:

A handwritten signature in black ink, featuring a large, bold, and highly stylized 'B' at the beginning, followed by a long, horizontal trailing stroke.

Nguyen Ai:

A small, stylized handwritten signature in black ink, consisting of a few sharp, angular strokes.
